

Innovative recycling

Stena Recycling Sp. z o. o. is looking for a Strategy & Improvements Internship for 6- 8 months, starting as soon as possible

We offer you a unique chance to work with strategic questions and improvement projects at the leading recycling company in Poland and Scandinavia, which provides waste management solutions for all types of waste: paper, plastics, ferrous and no-ferrous metals, hazardous waste and waste from electric and electronic equipment. Stena Recycling has 26 locations in Poland and employs 530 people. Each year, thanks to our recycling effort in Poland, 600 000 tons of waste are reborn as valuable raw materials. Stena Recycling Poland is a part of Stena Metall Group, which operates in 250 locations all over Europe.

Staż w dziale Strategy&Improvements

Poznań/Swarzędz, wielkopolskie

Right now we have many interesting projects in our pipeline, why we are looking for top-of-the-line Management/ Engineering student to join our team as an internship. All projects are of strategic character but have a wide spread from Procurement to Logistics to Process improvements to New Business Opportunities.

Standard Requirements of candidates

- Management and/ or Engineering studies for at least 3 years with top-of-the-line grades
- Fluent in English and Polish (Knowledge of Swedish is a bonus)
- Advanced computers skills in Microsoft Excel, Power Point and Microsoft Office Package in general
- Relevant experience from working with improvement projects in a professional context
- Willingness to live in Poznań for 6-8 months, starting as soon as possible

Personal profile

- Analytical skills – Proven ability of solving complex problems
- High Productivity – Used to multi-tasking and working with short dead-lines
- Entrepreneurial drive – E.g. experience of starting up own business or organization
- Proactive personality – Always thinking one step ahead and used to manage projects
- Change Management – High ability to blend in with people, listen and promote change

Through this role you will be given a golden opportunity to be part of Stena Recycling's strategic journey in Poland by working on multiple projects where you will report directly to the Strategy & Improvements Manager and work closely to the CEO. You will be where all the action is and you will experience a business culture with fast decision where every challenge is seen as an opportunity.

For this high profile experience we also offer a basic internship salary. If you currently live out of Warsaw we will also help you with your accommodation and cover rent expenses and a few travels to your hometown.

Please send your CV and cover letter (**in English**) before the **8th of January**:
